

# How to Get CEUs for This Seminar

## REFRIGERANTS PAST, PRESENT & FUTURE

**Date:** September 19, 2023

Several state licensing boards approve the use of the IACET process as evidence that a presentation is non-commercial and has educational value for the engineer. The IACET process requires that we can show each individual who wants to claim CEUs has achieved the learning objectives of the seminar at an acceptable level. For Carrier's Lecture Series Seminars, this is done by taking an online Knowledge Check.
